INTRODUCTION

THIS is the seventeenth issue of the Yearbook of American Churches, a reference work that has been issued under the auspices of the Federal Council of the Churches of Christ in America beginning with the year 1916. The Yearbook has been published biennially since 1933.

The Yearbook presents comprehensive information with respect to organized religion in the United States. It consists chiefly of directories. It also contains available statistics.

The largest directory lists the religious bodies in the United States and their officers. The religious bodies that appear are substantially those that reported to the Bureau of the Census for the decennial Census of Religious Bodies 1936, published in 1941. The Editor has made inquiries in an effort to learn about bodies that have been organized since 1936.

The field organization directory contains the names of state and local cooperative agencies and their officers. For certain of the major denominations, state officers are also published.

Special agencies formed for war service or for postwar planning will be found in the various directories.

The section on statistics contains the latest information available about church membership in the United States. All known religious bodies were asked to file the most recent data available with regard to their memberships. The Editor of the Yearbook simply summarizes the official reports made to him. A number of religious bodies do not make *annual* reports of church membership. For these the latest information is that contained in the Census of Religious Bodies, 1936. This Census was regarded as satisfactory for a proportion of the religious bodies of the nation, but as very incomplete for numerous others. Since the 1936 figures are sometimes the latest available, the Editor has no other choice but to list them when a responsible official cannot furnish later data.

There are no annual comprehensive reports of the income and expenditures of all of the churches in the United States. The

YEARBOOK OF AMERICAN CHURCHES

latest annual figures published by the United Stewardship Council are included in our statistical section. An estimate of total "gifts and bequests to religion" for all purposes is also given.

The Editor of this Yearbook simply collects and presents, often in brief form, data generously supplied by others. In carrying through the project he has received advice from the secretaries of the Federal Council. He has also received assistance from the staff of the Department of Research and Education of the Federal Council.

It also indicates the number of Sundays during Epiphany and after Pentecost for each year of the period. Easter may come as early as March 22nd or as late as April 25th, thus bringing a wide variation in the number of Sundays included in certain of the Christian seasons.

JEHOVAH'S WITNESSES

"Jehovah's Witnesses are Christians, people not identified with any sect or denomination. They are associated with the corporations known as the Watch Tower Bible & Tract Society, Watchtower Bible & Tract Society, Incorporated, and International Bible Students Association. It was the Watch Tower & Bible Tract Society that Pastor Charles Taze Russell and others of Jehovah's witnesses incorporated in 1884, for the advancement of Christian work and the preaching of 'this gospel of the kingdom' 'in all the world for a witness.'"

"Upon the death of Pastor Russell in 1916, Judge Joseph F. Rutherford became president of the organization and continued until January 8, 1942, at which time he finished his earthly course. He was succeeded as president of the Society by Nathan H. Knorr.

"Jehovah's witnesses are an organized body and have groups in practically all cities throughout the United States, as well as in other parts of the world, for the purpose of regular Bible study. They do not keep a membership roll, nor do they compile any census regarding attendance at their meeting places throughout the world. THE METHODIST CHURCH

In April, 1939, the Uniting Conference forming The Methodist Church was held by representatives of the Methodist Episcopal Church, the Methodist Episcopal Church, South and the Methodist Protestant Church. Methodist emigrants from Ireland planted Methodism in America about 1760. In 1771 Francis Asbury, one of Wesley's preachers, later a Bishop, landed in Philadelphia. The Methodist Episcopal Church was organized in 1784-85. The Methodist Episcopal Church, South, dates from 1846, the separation from the Methodist Episcopal Church having taken place over the slavery issue. III. STATISTICS OF ORGANIZED RELIGION

This section is largely devoted to a compilation of the latest information about church membership in the United States, made by the editor of this volume. The tables on this subject, appearing below, were assembled in the following manner: A statistical blank was mailed to the chief statistical officer of all the religious bodies that reported to the Bureau of the Census for the Census of Religious Bodies, 1936. Inquiry was also made to learn about other churches not included in that Census. (A few of the latter did not reply.) The form asked for current data on the number of local churches, on inclusive church membership and on the number of members 13 years of age and over. Definitions of membership vary widely and the number of members reported below is in accordance with the definitions used by the body reporting.

The question readily arises, "What is the definition of church membership?" In every census and every compilation it is simply that of the body reporting. There are three general definitions of membership: (1) Certain bodies report all baptized persons as members; (2) other bodies report communicants, usually those 13 years of age and over, as members; (3) still others list as members all persons in the cultural or nationality groups served by these churches.

The general practice of the Protestant denominations is to enumerate persons who have been admitted to full membership, usually by age 13. Attempts have been made to secure information about church membership 13 years of age and over. However, many denominations do not separate their figures in this manner, and the data published in the past with respect to the division of membership at 13 years of age and over are less reliable than those for total membership. The Roman Catholic Church lists all baptized persons. Jewish congregations enumerate as members all Jews in communities having Jewish congregations. The tendency of the Eastern Orthodox Churches is to enumerate as members all persons in the United States who are of the nationality group served by the church.

Many religious bodies do not make annual tabulations of their memberships. Some reply by simply asking us to use the 1936 figures or those published in previous Yearbooks. The 1936 Census of Religious Bodies was regarded as complete and satisfactory by certain denominations and as very incomplete by others. About half of the religious bodies reporting do not have records for the proportion of membership 13 years of age and over. For those not reporting on this item we have applied, wherever possible, the percentage for this age group as reported by the Census of Religious Bodies, 1936, and have indicated that this is an estimate.

CHURCH MEMBERSHIP AND POPULATION

The summary of the latest official reports of church membership, printed above, reveals a total church membership of 72,492,669 persons. This is the highest total ever reported. The statistical reports are mainly for the years 1943 and 1944. On July 1, 1944, the total population of the Continental United States was estimated to be 138,100,874 persons by the Bureau of the Census. The total reported for church membership in 1943-1944 is 52.5 per cent of the total population; this is the highest proportion ever reported. In 1890, for example, the proportion of church membership to population was reported to be 22.2 per cent. The proportion of church membership officially reported has steadily increased since 1890.

GIFTS TO PROTESTANT RELIGIOUS BODIES, 1921-1944

Dr. Harry S. Myers, secretary of the United Stewardship Council, Hillsdale, Mich., has made a special compilation of total and per capita gifts to sixteen Protestant bodies for which data were published in the years 1921-1944 inclusive. (Fiscal years vary considerably, and the 1944 reports are those compiled and published that year, and are obviously not for the calendar year, 1944.)

These figures present the most comprehensive comparable information now available. The tabulation made is as follows:

STATISTICS

ESTIMATES OF GIFTS AND BEQUESTS TO RELIGION

The total contributions to and expenditures of the religious bodies of the United States are not reported annually and are not known for all bodies for recent years. The only figures generally regarded as complete were those for the year 1926, as reported by the Census of Religious Bodies for that year. The Department of Commerce, however, makes an annual *estimate* of total "gifts and bequests to religion" in the United States. The totals reported by that Department for recent years are as follows:

Gifts and Bequests to Religion Compared with Total Consumer Outlays

THE NUMBER OF CLERGYMEN

We print below the figures appearing in *Comparative Occupation Statistics* by Alba M. Edwards, Bureau of the Census, 1943:

Year	Number of Persons Giving Occupation of Clergyman
1910	117,333
1920	125,483
1930	148,848
1940	140,077

The total number of persons who consider themselves "ministers" is larger than the number classified as "clergymen," but figures for total number of ministers have not been gathered during recent years.

It is to be noted that the number of clergymen declined between 1930 and 1940, and that the number per 100,000 of population was in 1940 considerably less than in 1910. It is interesting to add that the number of women, included in the totals above, increased from 1,787 in 1920 to 3,276 in 1930, and to 3,308 in 1940.

AGE AND SALARIES OF CLERGYMEN

The Bureau of the Census has released data with respect to the age and salaries of the men who gave their occupations as clergymen in the course of the enumeration of the population.

Of the 140,077 clergymen in 1940, 136,669 were men and 3,308 were

women. Of the men, 112,509 reported that they were occupied as clergymen 12 months during 1939 and also gave their incomes in the form of salary. This is, so far as we know, the only information of this kind and scope ever gathered in the United States. These data on the salaries of clergymen, given in various brackets in the table below, show that 90.8 per cent of the clergymen received salaries of less than \$2,500 in the year 1939. Fifty-one per cent of the clergymen received salaries of less than \$1,200 a year. Twenty-four and four-tenth per cent of the clergymen received less than \$600 in salary in 1939. There is nothing to indicate that those in the lower brackets also had other occupations, although it is a safe guess that many of them did.

The Bureau of the Census also recorded a median age of 45.8 years for the 133,449 male clergymen reporting. Fifty-one and eight-tenths per cent of the clergymen reporting were over 45 years of age. This was the highest median of any large vocational group, except farmers and farm managers, for whom a median of 46.6 years was reported. The median ages of other men in professions were: physicians, 44.1 years; lawyers and judges, 42 years; college presidents and teachers, 40.8 years; architects, 43.0 years; social workers, 37.5 years.

The tables for age and salary of clergymen, constructed from the Census reports, follow:

**Income Received from Salary by Male Clergymen
Who Worked 12 Months in 1939**

THE INTERNATIONAL ORDER OF THE KING'S DAUGHTERS AND SONS

A religious, philanthropic organization, interdenominational, emphasizing our individual responsibility to God, shown in service to our fellow-men. For our Young People we own several Camps and two Scholarship Houses at Chautauqua, N. Y., where Girls attend the regular Summer Schools and also have training in Order Work and Christian Leadership. Headquarters is at 144 East 37th Street, New York. Churches, Groups or Individuals interested in practical, uplifting service "IN HIS NAME" are welcome, and may secure detailed information from Headquarters.

AMERICAN MISSION TO LEPERS, INC.

NATIONAL HEADQUARTERS: 156 Fifth Avenue, New York 10, N. Y.
BRANCHES: 77 Washington Street, Chicago 2, Ill.; 140 Public Square, Cleveland 14, Ohio; 14 Beacon Street, Boston 8, Mass.; 326 W. Third Street, Los Angeles 13, Calif.; 411 Henry Grady Building, Atlanta 3, Ga.; 509 Burt Building, Dallas 1, Texas.

PURPOSE: to enable the medical missionaries of all Protestant Boards of Missions to care for and, when possible, to cure people with leprosy.

The Mission is the recognized auxiliary for this special ministry of all the Boards, denominational and non-denominational. These Boards, as a rule, make no appropriation for the maintenance of leprosy work but rely on the Mission for the support of their own work of this kind. The service of leprosy patients is equally physical and spiritual, the two inseparably joined as they were in the life of our Lord. The missionary leprosy colonies are Christian communities in which forsaken and lonely people find the love of God through the love of men.

FELLOWSHIP OF RECONCILIATION

2929 Broadway, New York 25, N. Y.

The Fellowship of Reconciliation is a membership organization which developed soon after the outbreak of World War I as a movement of Christian protest against war and of faith in a better way than violence for the solution of all conflict. Its members, organized in twenty countries, believe that they must practice the way of love as seen preeminently in Jesus, and refuse to participate in any war or to sanction military preparations. They work to abolish war and to foster good will among nations, races, and classes.

The American section publishes the monthly magazine *Fellowship*, together with books and pamphlets dealing with international, economic, and social problems. It also sponsors an organization for high school age young people, the FORERUNNERS, and publishes study booklets and other material for this group. There are no membership dues. Subscription to *Fellowship* is \$1.50 per year. Chairman is the Reverend Phillips P. Elliott. The Co-Secretaries are the Reverend A. J. Muste and the Reverend John Nevin Sayre.

- b) Allocation of funds where a continuous study reveals the greatest need.
- c) Private Benevolent Funds for future allocation.
- d) Life Annuities—Peace Bonds.

- h) Administration of Bequests for philanthropic purposes.

The Golden Rule Foundation also, through the National Stewardship Institute, sponsors a nation-wide Stewardship educational program, seeking to enlist every citizen in systematic giving of a carefully determined percentage of his income through channels of the donor's choice, for private philanthropy, comparable to the amounts budgeted and paid regularly for taxes, rent, insurance and living expenses.

¶ *The world is now one neighborhood. The Golden Rule would make it one brotherhood. Forever free from war and strife. ¶ May we serve you and your philanthropies?*

AMERICAN BIBLE SOCIETY

Founded 1816

For one hundred twenty-nine years, the American Bible Society has been the primary agency of the American churches in the translation, publication, and distribution of the Holy Scriptures throughout America and the world.

In these crucial days mankind desperately needs the positive answer found in the Book. The American Bible Society appeals to the churches and individuals of America to make possible the supply of Bibles, Testaments, and Portions not only to the missionary frontiers of the world but also to dislocated multitudes, refugees, prisoners of war, men under arms and in training camps in the country.

"Treaty of Lancaster"—In 1762 the Governor of Pennsylvania arranged a treaty with the Indians at Lancaster to effect the release of missionaries held prisoners. The Fund sent representatives "with an order for five hundred pounds" to be paid the Indians upon return of the prisoners. The Treaty of Lancaster is symbolic of the services rendered clergymen for more than two centuries by the Presbyterian Ministers' Fund.

FIVE HUNDRED POUNDS was a sizable sum in 1762. Now, in the Fund's 227th year of service to ministers, their wives and theological students, it is less than the average amount of protection carried by the Fund's policyholders.
